Christmas Lights Trail

Nothing heralds the arrival of the festive season more visually than a Christmas lights display. Whether you like to light up your own home or just enjoy looking at others' magical displays, there's something about them that delights us all, especially so if shared with your grandchildren.

If you haven't yet planned your lights trail, Synergy have a fantastic tool that not only helps you find the Christmas light displays in your area but also creates a map for you to follow.

Book a Private Tour

To really get a feel for what community living is all about, a private tour is a must as it will provide you with more than just information on our homes, prices & 5 star facilities.

Sometimes the best way to see if Edenlife Australind is the right fit for you is simply to sit in a quiet spot and immerse yourself in the environment.

You can find a comfy spot in the clubhouse and settle in with a cup of tea or sit out in the alfresco and enjoy the serenity.

What better way to imagine a new life with Edenlife. To book your preferred time, call Linda on 0499 444 279.

Meet our Residents

What inspired you to downsize? We were travelling to Bunbury due to illness for treatment. Our yard was getting difficult to manage so we decided we should downsize and move. How did you learn about Edenlife? Our daughter lives in Millbridge and told us to go have a look at Edenlife. What was your first impression of Edenlife? The feel of country life. Why did you decide on Edenlife? We liked the country feel and we knew a few people here and our daughter lives close by. Plus we have 3 shopping centres close by, also doctors and everything we need. What are you enjoying about living in the Edenlife community? Love this community, we enjoy the social life, movie theatre and get togethers, strolling in the vegie garden is great as well. Short drives to shops and family.

Out & About

Another great day out in the community bus, this time to the Festival of Country Gardens in Bridgetown. With a history beginning in 1999, the Festival is a celebration of the passion & creativity of gardeners throughout the area. Featuring open garden trails, private garden tours offering morning tea/lunches and items for sale such as homemade pickles and chutneys as well as wine and art.
